September 26, 2011

Dear Customer,

Effective January 1, 2012, Bausch + Lomb will adjust list prices on Vision Accessories items reflected on the attached list price adjustment sheet. New list prices will be reflected on orders shipped on or after January 1, 2012.

These price adjustments are driven by a number of factors including increases in raw materials, production and regulatory requirements incurred since our last price adjustment.

Our customers are very important; we appreciate your business and thank you for your continued support of Bausch + Lomb. If you should have any questions, please contact your Bausch + Lomb Business Manager.

Regards,

Tom O'Neill
