

## California Proposition 65 Labeled Glove Product List

On October 27, 2017 two chemicals used in the manufacture of our Industrial Safety portfolio of structured gloves, (including select G40, G60 and G80) were added to California Proposition 65. The KCP North American business has made the decision to amend packaging for our structured gloves to meet the new labeling requirements without disrupting supply agreements to our customer by the deadline.

All other gloves within our Industrial and Scientific businesses are compliant and do not require labeling changes.

| Base Code | Size | Description                             | Vending Code | Status | (ZMBT) | (DMF) |
|-----------|------|---|--------------|--------|--------|-------|
| 13837     | 7    | JKS G40 Gloves PU Black                 | 42606        | Active |        | Y     |
