Subject: Update to California Prop 65 – disclosures for online and catalogs sales

Dear valued customer:

In anticipation of the upcoming changes to California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Prop 65"), Newell Brands – Outdoor Recreation Division ("Outdoor Recreation") is providing to you a listing of certain products for which Outdoor Recreation has made the decision to include a safe harbor warning on the packaging, which may include products under the Coleman®, Aerobed®, Stearns®, ESKY®, Maddog® and Sevylor® brands.

As you know, Prop 65 is a California law that requires companies to warn California consumers if their products contain one or more chemicals "known to the state of California" to cause cancer, birth defects, or other reproductive harm in excess of defined limits. Recent amendments to Prop 65 will be effective August 30, 2018. The upcoming changes modify both the manner and content of the warnings, and set forth new requirements for providing safe harbor warnings for online and catalog sales. For further information regarding California's Prop 65, you may reference https://oehha.ca.gov/proposition-65/about-proposition-65.

Pursuant to these updates, please find attached a list of all Outdoor Recreation for the above-branded products that include or will include a safe harbor warning, and which require a warning for display through all online (and catalog) sales. The list provides the product category and each unit's EAN 13 digit identifier. Every retailer that sells these Outdoor Recreation products to California residents online or through catalogs must include compliant Prop 65 warnings for all products so designated in the attached list.

Should you have any questions regarding this matter, please do not hesitate to contact us.

Sincerely,

Dean T. General
Senior Vice President, Sales & Planning
Outdoor Recreation Division
